

PLEASE WRITE A LETTER TO SOMEONE IN THE FUTURE
describing your life in 2006

As you move through the room, you will hear questions from different people today who have imagined what someone from 2106 might wonder about our lives now.

Listen until you hear a question to which you would like to respond,
or think of another question that someone in the future might ask,
and answer by writing.

This archive of letters will be opened in 2106 by the Art Gallery of Greater Victoria.
Perhaps they might ask those visitors to write to people in 2206.

blank paper and pens are in the wooden boxes
please place your completed letters in the metal archive box

WRITE A LETTER TO SOMEONE IN THE FUTURE

What do you think people 100 years from now
will wonder about our lives today?

What would you like to know about life in the future?
